

**Remarks**

The Examiner noted that in the paper filed August 26, 2008, Claim 14 inadvertently omitted the word "are" between the terms "antibodies" and "removed," without line-through text. The claim did not have a status which reflected that the claim had been changed.

The omission of the word "and" in Claim 14 was a typographical error only and was unintentional. In response, a new set of claims are submitted herewith.

Reconsideration is requested.

Respectfully submitted,

**McDONNELL BOEHNEN  
HULBERT & BERGHOFF LLP**
